No appointment necessary

We offer a see and treat service for the local population. For minor injuries, the Nurse Practitioners are available to provide you with a convenient assessment without having to make an appointment, take time off work or rearrange your day. Open seven days a week, we complement local GP and hospital services.

Assessment by an experienced nurse

We are staffed by a team of well-trained, experienced nurses who can treat minor injuries like wounds, burns, broken bones, dislocations or sprains and strains. If you are unsure if we can help then drop in and ask, or call NHS Advice 111. However, if you think your problem is more serious then go to Accident and Emergency. Please

return to your provider any equipment such as crutches which have been loaned to you.
